LET THE EAGLE SCREAM!

We have delayed a few hours in going to press in order to secure reliable returns from yesterday's election.

The Pacific Railroad carried Ramsey county by money and gravel trains, but the yeomanry have beat the rail roads.

Our despatches up to the hour of going to press—4 P. M.—indicate five thousand majority for Governor Marshall and the State ticket.

Universal suffrage will be elected!

New York city goes out with sixty thousand Plinkstone majority, but the rural districts will overcome the heathen majority.

Wisconsin and Massachusetts are all right. Loyal men have an inherent right to feel happy.

The Elections Yesterday—Washington County Elect!

The elections in our city yesterday passed off quietly, though with more spirit than any other similar occasion for many years. The Democracy had been on the "suff hunt" for weeks and every man who trains in the ranks of that crowd was on hand. With equal vigilance on the part of the Republicans—who only became aroused to the necessity of vigorous effort late in the afternoon—the city might have been spared the disgrace of a Republican defeat, notwithstanding hundreds of our loyal citizens have recently left for the pines.

At 12 o'clock we were willing to concede to the candidate who did not go to the war one hundred majority, but when the sun went down he only looked upon thirty nine majority for the gushing Flannery for Governor, and still smaller majorities for the balance of the Copper-ash ticket.

The vote in the city was large, resulting in majorities for the Democratic ticket ranging from seven to thirty-nine.

At the present writing—12 o'clock—we have only heard from about one-half the county. Except in the city, the vote has been light everywhere.

Lakeland cast 72 votes—a small poll—giving 39 majority.

Glorious Maine did not exert herself, yet she sends a vote of 85 Republican against 17 Democratic.

"Sweet Afton" was also somewhat dilatory, yet she greets us with 31 Republican votes against 26 Copper.

Of course Oakdale is expected to be Democratic—as they understand Democracy—but the majority is cut down to an encouraging rate. The vote stood 16 Union to 33 Democratic.

The town of Stillwater, on the State ticket, is 25 Union and 23 Rebel—not a very good showing for a Christian community.

Baytown did still worse. The Democracy poisoned one of the active Republicans on the day before election, confining him to his room, which gave the Cops a vote of 37 against 21 Union.

As far as heard from, Governor Marshall is 51 ahead. The balance of the State ticket is ten ahead of the Governor. The entire State and county tickets will go out of the county with from 40 to 140 majorities.

Democracy claimed Washington county by one hundred majority, and quite a number of them have lost their greenbacks on the result.

Universal suffrage, four majority, with a number of precincts to be heard from.

"If that don't succeed, try again." If you have tried other Cough Medicines without effect, try J. W. Paine's White Pine Compound, which is a sure remedy for all Coughs and Lung Diseases. Sold for \$1 a bottle by H. M. Crandall, and Carll & Co.

THE MITE SOCIETY of the Second Presbyterian church will meet at the house of the Pastor, Rev. J. C. Caldwell, on Tuesday evening, the 12th inst. A general attendance is requested.

Cemetery Association.

Pursuant to call which was published in the Messenger, a number of citizens met at the City Council Rooms on the evening of Oct. 31, for the purpose of taking the initiatory steps toward organizing a Cemetery Association. L. R. Cornman was chosen chairman, and R. Lehmickie secretary of the meeting.

After some time spent in discussing the subject it was moved and carried that a committee of three be appointed by the chair to select some suitable grounds for a cemetery, ascertain if the same be for sale and on what terms, and report at the next meeting. The chair appointed as such committee—Messrs. Isaac Staples, R. Lehmickie and A. B. Sickney.

A committee consisting of L. R. Cornman, A. C. Lull and Wm. M. McClure, was then elected to draft a constitution and by laws for the association, and submit the same at the next meeting.

The meeting then adjourned until Saturday evening, Nov. 9.

R. LEHMICKIE, Secretary.

THEATRE—LAST NIGHT.

Marble & Co. have had a successful patronage during the past fortnight. This evening will be their last appearance in our city during the present season, at which time that favorite, Miss Nellie Boyd, has a benefit. Of course the house will be crowded, for nearly every man in town has "Nellie on the brain." The leading piece is the "Hidden Hand," with Miss Boyd in the charming character of Capitola.

AN ARREST.—A young man arrested for attempting to take a ticket for a first-class berth, after being an engaged, pined Smith's Salesman in justification. He was arrested by Smith's salesmen, and both of them were taken to the station, and held in the same place until they were released.

Teachers' Institute at Stillwater.

Stillwater, Oct. 22, 1867.

The Washington County Teachers' Institute to meet by appointment this A. M., but a small number being present. Adjourned to P. M., when it was called to order by County Superintendent F. E. Walker, and opened with prayer by Rev. J. C. Caldwell.

The first exercise was with a class in introducing principles of Map-Drawing, conducted by Miss Eta Fay of Stillwater. Discussed by Gov. Holcombe and others.

The subject of Elementary Analysis and Grammar was treated by Prof. Woodward, after which remarks and suggestions were offered by Rev. Dr. Spaulding and Rev. J. C. Caldwell.

An exercise in Reading and Elocution was conducted by Prof. Woodward, in which all joined, and it was made quite interesting.

EVENING SESSION.

Institute assembled at 7 1/2 o'clock at the Myrtle-st. church and listened to an eloquent address by Rev. Dr. Spaulding.

Second Day.

Met at 9 A. M. at the South school-house. Roll called by Supt. Walker, and responded to by each with a passage of Scripture, and prayer offered by Rev. Edward Wright. Reports of yesterday's proceedings were read by Misses Frank Rhodes and Belle Mann of Cottage Grove, and after some criticisms, approved.

An exercise in Written Arithmetic was conducted by Mr. George Berry of Afton with good judgment. Mrs. Merrill of Cottage Grove next conducted an exercise in Reading creditably. Miss R. M. Winters of this place conducted a class in Mental Arithmetic with unsurpassed success, and J. W. Borell of Afton followed with an exercise in Spelling, and some remarks thereupon which were quite interesting, and drew out considerable discussion upon the methods of conducting such exercises.

AFTERNOON SESSION.

Roll call was responded to by Scripture quotations, gems of thought and historical incidents. Mrs. M. M. Burdick conducted a class in Language Lesson, and immediately following an exercise in the Simple Rules of Arithmetic, both of which were very satisfactory, as also were remarks by Mr. Walker which followed. Prof. Woodward continued the subject of Grammar and Analysis in a more advanced stage, after which the Institute seemed to strike a very large stump, but without fatal injury, however, as the very soon moved on with an exercise in Spelling proper names, conducted by Prof. W. W. as illustration of what might be done in that way.

EVENING SESSION.

A lecture was expected, but as we were disappointed in that, the Institute took up the subject of Women's Rights, which was advocated in the lecture of last evening, and it was pretty thoroughly ventilated by Rev. Messrs. Caldwell, Wright and Hart, and Messrs. Cornman, Van Vorhes and Woodward.

Third Day.

Roll called responded to as yesterday. Prayer by Dr. Spaulding. Report of yesterday's proceedings read by W. D. Mainier of Woodbury, and after criticisms, approved. Supt. Walker called out several of the Teachers, asking each to illustrate one or more principles in Written Arithmetic, which elicited interesting criticisms and discussions, and it was agreed to continue it in the afternoon.

Miss Julia Clark, with a class, conducted an exercise on the Chart, in which a favorable impression was produced—discussed by Gov. Holcombe, Walker and others. Miss Julia Hamilton introduced a class in Counting, and also in the elements of Penmanship, which appeared to advantage, and elicited some discussion. At this juncture Hon. H. M. Dunnell, State Superintendent, arrived, was introduced by Supt. Walker, and made a few remarks.

AFTERNOON SESSION.

Institute opened as yesterday. Miss Alice Hamilton gave an example of Scripture Lesson and Singing with class. Miss Stella Shepard followed with a class in Reading, who did themselves and teachers great credit—as did also their singing. Immediately following this came an exercise in Grammar conducted by Prof. Woodward, consisting of a drill in Analysis of sentences. Supt. Dunnell followed by an exercise in word parsing. An animated discussion of the relative merits of the two systems ensued, in which Dunnell, Woodward, Spaulding and others took part. Prof. W. explaining that he did not use analysis alone, but as introductory and auxiliary to parsing. At this point the exercise in Written Arithmetic was resumed under the direction of Walker. This was followed by singing, with which the exercises were happily interspersed, thanks to the leading voice of Miss Addie Cornman.

EVENING SESSION.

Mr. Walker opened the exercises at 7 1/2 o'clock at the Myrtle-st. church, and announced singing by citizens of Stillwater, assisted by a number of the teachers, which was given with good effect—Rev. Mr. Wright presiding at the organ. This was followed by an earnest and very appropriate prayer from Rev. Mr. Hart of Mable, after which Rev. A. D. Roe of Afton was introduced, and announced as his subject "Hints upon School Government and Teaching." His lecture could hardly have been more practical, and was listened to with that attention it deserved. His discourse was interspersed throughout with excellent thoughts, which we have no doubts will bear fruit, and we wish more teachers in the State could have listened to them.

At the close of the evening gentlemen's remarks the Hon. H. M. Dunnell was introduced, and was quite happy in his advice to the teachers.

Supt. Walker announced the proceedings of next day, after which the assembly "ten-

"NEARER, MY GOD, TO THEE."

The following beautiful hymn, is a favorite
 with nearly every Christian denomination:

"Nearer my God to Thee,
 Nearer to Thee!"
 Even though it be a cross
 That lays me low,
 Still all my songs shall be,
 Nearer my God to Thee,
 Nearer to Thee!"

Though like the wanderer,
 The sun gone down,
 Darken be over me,
 My rest a stone;
 Yet my God, I have,
 Nearer, my God to Thee!
 Nearer to Thee.

Or if on joyful wing,
 Clearing the sky,
 Sun, moon, and stars, forgot,
 Upward I fly,
 All my songs shall be,
 Nearer, my God, to Thee—
 Nearer to Thee!

A Cantata for Grembler.

The following sketch
 is a caricature, though we think that
 it is a human
 person, about it so real as to be
 a cry—

"Some time ago there lived in Edinburgh a well-known grumbler named Andy Black, whose often-recurring fits of anger or indignation produced some amusing and sometimes irritating results. He was highly respected by all except the wife's good, patient little wife. One morning Sandy rose bent on a quarrel. He had been badly treated the day before, and had been ordered by his wife to leave the house. He had been previously eating; and breakfast passed off in a very irritable manner. "What will you have for dinner, Andy?" asked Mrs. Black. "A chicken, madam," said the husband. "Roast or boiled?" asked the wife. "Confound it, madam, if you had been good and considerate wife, you'd have had a boiled chicken!" Sandy growled out, and, slamming the door behind him, left the house. It was in the evening, and a friend who was present heard little of the quarrel.

"Sandy's been out on a disturbance-day; the dinner-time came, and Sandy and

friend sat down to dinner. The two women sat in silence, and on raising the cover of the dish before them, in a twinkling instant, he called out:

"Boiled chicken! I hate it, madam."

"Chicken! I hate it, a chicken spoiled,"

Immediately the cover was raised for each chicken, roasted to a turn.

"Madam, I won't eat roast chicken," declared Sarrasin, "I know how it should be done: cooked!"

At that instant a boiled chicken, with its throat, was placed on the table.

"Without green peas!" roared the ambleur.

"Here they are, dear," said Mrs. Black.

"How dare you spend my money in my own house?"

"Here they are, present," said the wife, tripping him.

"Rising from his chair, and rushing to the door, amidst a roar of laughter on his friend, he clenched his fist and uttered:

"How dare you receive a present without my leave?"

A brilliant wedding took place in
the city on Thursday afternoon, in one
of the princely residences that adorn the city.
The bride was the daughter of one of the
most successful business men, and the
groom was the son of the commander of
the city. The banquet which followed the
wedding is said to have been the finest
ever given in the city in its history.
Among the presents received by the
bride was a gift of one hundred thousand
dollars from her father. The happy
couple will soon be celebrating their
wedding day. Two years, and the bridegroom
the wedding day, received a check for
one thousand dollars, bearing his father-
in-law's signature, to enable him to
pay the expenses of his European tour.

MINNESOTA ITEMS.

THOMAS CURRY, in the town of Hart, Winona county, informs the *Winona Free Press* that he threshed 378 bushels of wheat from 14 acres of ground—an average yield of *twenty-seven bushels per acre*. This is the largest yield we have heard of in Minnesota, the present year.

LEUEBE CREIG, Esq., of Hastings, has sent to A. E. Johnston, of the Dakota-Union, a cabbage head weighing 22 lbs., and John Whittier, of Nininger, has sent a beet which weighs 15 lbs.

At the Carver County Land Sale, the *Grand Jury*, 2,320 acres of land was sold, amounting in all to \$12,500. Amount of principal paid down on the above amount, \$745. This sum will now finishes up the school lands that counted.

The *Winona Republican* says, Mr. JOHN ARSON, of the town of Ells in Winona

ply planted a piece of ground 348 feet by 4½ feet wide, with a variety of corn known as the Agricultural Dunt, and sown thereon, on the first of October, in bushes and 29 lbs. of corn at 70 lbs. to the bush. It was planted on the 22d of July, but did not come up until the 5th of Aug., owing to unfavorable weather. It is not touched by cultivator or hoe until it is several inches high. The ears are very large and well filled, and the kernel plump and sound.

The Winona Republican was presented Wednesday evening with a splendid specimen, probably the largest in the State, heaping 38 bushels by 19 in width. The cost was \$100.

MR. J. C. JOHNSON has presented the seed of the Sauk County *Herold* a stalk of corn 12½ feet 4 inches in length, bearing 2 large well filled ears, thoroughly

Marble Works

The undersigned having entered into a co-partnership for the more extensive manufacture of

MARBLE MONUMENTS,

GRAVE-STONES, &c.,

are now prepared to fill orders for Grave-stones or Monuments at about twenty-five per cent less than any other establishment in the West.

Prices must come down, and we have begun it, and will carry it out.

However, Mr. C. J. Aldrich has sold more marble in Minnesota than any other man living in the State, and parties need only to visit the Cemetery at Stillwater, or inquire of the parties to whom he has sold to know that he sells the best work in the West. We have advantages over any other point on the river as a place of manufacture. We are at the head of navigation in all low water—we have no high rents or city taxes, or high prices for fuel and other expenses attending the business in St. Paul and other cities. We get our freight at our door as cheap as though it were left at any point on the river below by through contract. We deliver and set up and warrant all our work.

Please write to us before you buy, or wait to see our authorized agent, who has our certificate. Do not be deceived—there are agents traveling who falsely represent us, but we are selling for others at prices one-third higher than ours, and offering poor work.

NUMBER 10.

Apologetic.—In consequence of a failure in receiving a supply of paper to-day, we are compelled to issue only a half sheet. As we have recently published two or three large supplemental sheets, our readers will overlook the unavoidable deficiency of the usual budget of news.

For the same reason we are compelled to omit a number of advertisements, communications and editorial matter of a general and local character.

Washington County Official Returns.

The official returns of Washington county were not canvassed until yesterday afternoon, which precludes us from giving a tabular statement of the vote of the various towns. In the absence of such statement, we merely give the vote of each town for Governor, and the majority of each candidate on the Republican ticket for their respective offices, to wit:

Town	Marshall	Flandrau
Afton	51	26
Baytown	21	37
Cottage Grove	53	37
Dennmark	37	59
Grant	11	13
Lakeland	51	21
Marine	85	17
Newport	21	18
Oakdale	16	33
Stillwater city	253	23
Stillwater town	25	23
Woodbury	40	26

Marshall's majority..... 674
Flandrau's majority..... 602

The balance of the State ticket ran ahead of the Governor, as also did most of the candidates for Legislative and county offices. We can only give majorities:

Armstrong, Lieut. Governor.....	82
Rogers, Secretary of State.....	89
Munch, State Treasurer.....	85
Cornell, Attorney-General.....	82
Folsom, County Treasurer.....	122
Jackson, Register of Deeds.....	87
Davis, Sheriff.....	77
McCluer, County Attorney.....	46
Keele, Coroner.....	92
Lowmy, Representative.....	99
Furber, do.....	64

RESULT IN MINNESOTA.—Official returns of the State are yet incomplete; yet, as far as heard from, Governor Marshall's vote is 9,478 and Flandrau's, 7,735, giving Marshall a majority, thus far, of 1,743. The official canvass will increase Marshall's majority, and will undoubtedly swell the majorities of the other State candidates to six thousand. The question of impartial suffrage is very close; owing to disaffections in several strong Republican counties—yet we are of the opinion that the question has received a majority vote.

Thanksgiving.

Governor Marshall has issued his proclamation designating Thursday, the 28th of November, as a day of general thanksgiving. This is the day designated by the President for the same purpose, and will undoubtedly be adopted by all the States that recognize a "God in Israel." States needing reconstruction may disobey the custom; but on the 28th twenty millions of hearts—from the base of the Rocky Mountains to Plymouth Rock—will beat in unison.

EAT HEARTILY.—There are hundreds of persons who do not dare to eat a hearty meal of victuals for fear of the distressing effects that follow. Coe's Dyspepsia Cure will stop it instantaneously. It has cured more cases of Dyspepsia than all other remedies combined. Take it freely, and you will be satisfied of its merits.

THE WEATHER.—For the information of our readers in the East where snow and rain have been alternating, we would inform them that to-day, (the 13th of November) the sun is bright and almost as warm as a summer day.

FRESH STRAWBERRIES.—Mr. Sheriff Davis yesterday presented us with a cluster of strawberries which he had just plucked from his garden. Upon one of the stems were blooms and buds together with the ripe fruit. The same vines have been bearing fruit since early in June.

THE LEGISLATURE.—The Minnesota Legislature the approaching session will stand as follows: Senate—15 Republicans, 7 Democrats. House—33 Republicans, 13 Democrats. Republican majority on joint ballot, 28.

Cemetery Association.

STILLWATER, Nov. 9, 1867.

Adjourned meeting of the citizens of Stillwater for the purpose of forming a Cemetery Association—L. R. Cornman chairman, R. Lehmicke, secretary.

The minutes of the proceedings of the last meeting were read and approved. The committee appointed to select the location of a cemetery reported progress and asked for further time, which was granted.

L. R. Cornman, chairman of the committee appointed to draft constitution and by-laws, reported and submitted a plan for the organization, constitution and by-laws of the association. Report accepted.

It was then moved and carried that when this meeting adjourns, it adjourn to meet again on Monday evening, the 18th inst., at 7 o'clock, for the purpose of organization, and that notice thereof be given in the Stillwater Messenger.

The meeting then adjourned.

R. LEHMICKE, Secretary.

SUDDEN DEATH.—When returning to his home in Holcombe's Addition, last evening in company with two of his friends, after completing the labors of the day, Joseph Decurtis suddenly fell near the residence of Mayor William, saying to his companions that he was dying. He was immediately conveyed to the residence of a friend on Main Street and medical aid procured; but Dr. Carl pronounced the man dead the moment he saw him. His death was produced by the rupture of a blood vessel, resulting from a former heart disease. Mr. Decurtis was an old citizen, an extensive contractor and builder, and a citizen highly esteemed. His funeral will take place to-morrow at 10 A. M. at the German Catholic Church.

FESTIVAL.—The members and friends connected with the M. E. Church of this city will give a festival for the benefit of the church at Temperance Hall, Main street, on Saturday evening next, to which all are invited. The programme will be announced through circulars on Friday.

DISTRICT COURT.—The fall term of the District Court commenced yesterday—Judge McCluer presiding. The day was occupied principally in enrolling jurors and arguing motions. This morning business commenced in good earnest. The term will continue during the week.

The Pastoral Aid Society of the Episcopal church will meet at the house of Mr. Ellis on Thursday of this week, from 2 P. M. until 10.

Service at the Episcopal church next Sunday morning and the Holy Communion at 10 past 10.

The Sunday school will meet at 2 P. M.

Evening Prayer and Sermon at 3 P. M.

FOR THE WOODS.—During the past three or four weeks the fitting out of supplies for the pinneries has been active. From the number of teams leaving daily—loaded down with "providence for man and beast"—we infer that the present winter's operations will fully equal that of the season of 1866-7, which amounted to over one and a half millions of dollars.

L. A. Taylor, U. S. Assessor for this district, was presented with a splendid silver tea-set, a few days ago by the assistant assessors. Mr. Usher made the presentation speech. Lute was thoroughly surprised, looked at his wife, then at the silver, and finally said, "Ab-by, b-better take away the dishes."—Hudson's Star & Times.

How many bright eyes, that once shone the merry light of the household, have dimmed pale and cold in the embrace of death. Parents, if you would keep that light to cheer your homes, arrest that fatal disease as soon as it fastens upon your loved ones. Read the advertisement of Dr. J. W. Poland's White Pine Compound, and then being forewarned be also forearmed.

THE LEGISLATURE.—The Minnesota Legislature the approaching session will stand as follows: Senate—15 Republicans, 7 Democrats. House—33 Republicans, 13 Democrats. Republican majority on joint ballot, 28.

Notice of Copartnership.

On the first of November, 1867, Mr. Edwin L. Staples became an equal partner in the mercantile business for the term of five years. The firm name is Tornius & Staples.

We are now in our new and elegant building, next door to the First National Bank; and thankful for the liberal patronage heretofore extended, we hope the same may be continued to the new firm, guaranteeing entire satisfaction to our numerous customers.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY FOR

IRREGULARITIES!

Ths Drops are a scientifically compounded

fluid preparation, and better than any pills,

acids or cathartics. Being liquid, their ac-

tion is direct and positive, rendering them a

reliable, speedy and certain specific for the

cure of all obstructions and oppressions of

nature. Their popularity is indicated by the

fact that over 100,000 bottles are annually

sent to all parts of the world, and the United

States, every one of whom speak in the strong-

est terms of praise of their great merits. They

are rapidly taking the place of every other

female remedy, and are considered by all who

know aught of them, as the surest, safest, and

most infallible preparation in the world, for

the cure of all female complaints, and the

restoration of health and strength. Ex-

plains directions stating when they may be

used, and explaining when and why they

should not, nor could not be used without pro-

ducing effects, contrary to nature's chosen

laws, will be found carefully folded around

each bottle, with the written signature of John

L. Lyon, without which none are genuine.

Prepared by Dr. JOHN L. LYON, 193 Chap-

The undersigned having entered into a partnership for the more extensive manufacture of

MARBLE MONUMENTS,
GRAVE-STONES, &c.,

are now prepared to fill all orders for Grave-stones or Monuments at about twenty-five per cent less than any other establishment in the West.

Prices must come down, and we have begun to do so, and will carry it out.

However, Mr. C. Aldrich has sold more Marble in Minnesota than any other man living in the State, and parties need only visit the Cemetery at Stillwater, or inquire of the parties to whom he has sold to know that he sells the best work in the West.

We have advantages over any other point on the river as a place of manufacture. We are at the head of navigation in all low water—we have no high rents or city taxes, or high prices for fuel and other expenses attending the business in St. Paul and other cities. We get our freight at our door as cheap as though it were left at any point on the river below by through contract. We deliver and set up and warrant all our work.

Please write to us before you buy, or wait to see our authorized agent, who has our certificate. Do not be deceived—there are agents traveling who falsely represent us, but are selling for others at prices one-third higher than ours, and offering poor work.

POINT DOUGLAS
Marble Works

The undersigned having entered into a co-partnership for the more extensive manufacture of

MARBLE MONUMENTS,
GRAVE-STONES, &c.,

are now prepared to fill all orders for Grave-stones or Monuments at about twenty-five per cent less than any other establishment in the West.

Prices must come down, and we have begun to, and will carry it out.

However, Mr. C. J. Aldrich has sold more Marble in Minnesota than any other man living in the State, and parties need only to visit the Cemetery at Stillwater, or inquire of the parties to whom he has sold to know that he sells the best work in the West. We have

the advantage over any other point on the river as a place of manufacture. We are at the head of navigation in all low water—we have no high rent or city taxes, or high prices for fuel and other expenses attending the business in St. Paul and other cities. We get our freight at our door as cheap as though it were left at any point on the river below by through contract. We deliver and set up and warrant all our work.

Please write to us before you buy, or wait to see our authentic agent, who has our certificate. Do not be deceived—there are agents traveling who falsely represent us, but are selling for others at prices much higher than ours, and offering poorer work.

Marble Works

The undersigned having entered into a co-partnership for the more extensive manufacture of

MARBLE MONUMENTS,
GRAVE-STONES, &c.,
are now prepared to fill all orders for Grave-stones or Monuments at about twenty-five per cent less than any other establishment in the West.

Prices made come down, and we have begun to sell and carry out.

However, Mr. C. J. Aldrich has sold more Marble in Minnesota than any other man living in the State, and parties need only visit the Cemetery at Stillwater, or inquire of the parties to whom he has sold to know that he sells the best work in the West. We have advantages over any other point on the river as a place of manufacture. We are at the head of navigation in all low water—we have no high rent or city taxes, high prices for fuel and other expenses attending the business in St. Paul and other cities. We get our freight at our door as cheap as though it were left at any point on the river below by through contract. We deliver and set up and warrant all our work.

Please write to us before you buy, or wait to see our authorized agent, who has our certificate. Do not be deceived—there are agents traveling who falsely represent us, but are selling for others, and getting higher prices than ours, and offering poorer work.
